

Congratulations on your acceptance to Concordia University's John Molson School of Business!
Welcome to JMSB, you are going to love it here.

This website is your central hub to onboard at JMSB.

- Use it to understand your program
- Learn how to register for courses
- Choose the right classes for your first year of university

What you will need:

- About 10 minutes of your attention
- A few browser tabs (or a good memory!)
- Your acceptance letter
- You'll also want to check out a few more tools that we'll describe in later videos:
 - The program worksheet for your major
 - The "My Student Centre" section of the MyConcordia Portal

We encourage you to come back to this site often over the next few weeks whenever you have a question about your new university experience; think of it as a resource that you can use to find the answers you are looking for across Concordia's many departments.

We also invite you to come visit up at JMSB any time before your first week of classes with us; you can come to an academic advising drop-in session, or even set up a campus tour of the business school.

Finally, the university will have also sent you something called the "Guide to First Year" which is a helpful summary of the support available to you on campus, and we will be contacting you by email between now and the first week of classes to give you important information about orientation activities and then next steps for your introduction to JMSB. Check it out!
